Most free books on Google Play are new titles that the author has self-published via the platform, and some classics are conspicuous by their absence; there's no free edition of Shakespeare's complete works, for example.

Destination Moon The Adventures Of

Although confusingly set in "Sylvia" and including an odd cast of characters, Destination Moon looks at a hypothetical moon project. Although the technology of the ship wasn't accurate (Herge's rocket was a single-stage, atomic/chemical propelled spacecraft) the thought that went into the portrayal was deep.
